MC SPECIFIC CLASS RULES

The MC rules are designed to keep racing low cost and ensure that what is raced on Sunday can be purchased on Monday at your local dealer.

The regulations herein apply to all classes unless otherwise noted in supplementary or specific class regulations. Modifications or optional equipment is not permitted unless the class requirements or safety regulations specifically state that it will be permitted. PP's intent when prescribing specifications for safety equipment for vehicles that will compete under PP rules is to provide reasonable protection to all entrants, pit crews, officials and spectators. PP encourages all entrants to give full attention to safety requirements.

Entrants must wear approved helmet, protective clothing, eye protection and safety equipment when operating a vehicle on the racecourse at any time, including unclassified practice.

RIDER ABILITY AND CLASSIFICATION

Riders who race in MX, Enduro, Hare Scrambles, Hare & Hound and have different classifications in each type of racing, may not vary more than one level.

1. Once a racer chooses to race a Pro class, they are only eligible to race "Pro"; unless a PP official determines racer is unable to race at the Pro level.
2. Finishing in the top position in points for any Championship will mandate a higher skill level in the following race season.

DROPPED ROUNDS

1. WORCS Amateur Championships are a “best of” series with two mandatory dropped rounds at the end of the year.
 - a. Example- In a ten round series, the best eight results will count towards the final point standings.
 - b. If the racer were to compete in only seven of a ten race series, all seven results will count toward rider’s year-end points total as two of the dropped rounds would be races where the rider did not show up.
 - c. Five (5) appearance points will be given for the dropped results, so long as participant entered and earned a minimum of a DNF.
 - d. **DSQ’s are non-droppable.**
2. Pro Championships have no drops so all rounds count toward championship.
3. Pro-am Championships will have one dropped round. The dropped round will be awarded 5 bonus points.

END OF THE YEAR CHAMPIONSHIP REQUIREMENTS

1. Must be a WORCS member to be eligible for an end of the year trophy.
2. Rider must complete the following number of rounds (As listed in table below) to qualify for an end of the year championship trophy. If a rider does not complete required number of rounds, his/her points

and position will still be scored in the points standings but not eligible for an award.

- a. Example- A rider who earned 3rd place but completed less than the required rounds will not be eligible for an end of the year trophy but will still be scored in third place in the standings. Furthermore, the rider in fourth place will not be bumped into third even if they have completed the required or more than the required of the rounds
